To Whom It May Concern,

I am delighted to report that Puja Vengadsalam's "10 on 10" workshop for kids was an overwhelming success. Puja did an amazing job of planning, preparing for and presenting the program. She made a wonderful poster display full of crafts and colors to help advertise the event. Puja is very organized and articulate; she was very clear about her vision of the project and always came to our meetings with a folder full of her examples and ideas. I am truly impressed with the way she handled this ambitious program. She managed to capture the attention of not only young children, but the tricky tween age group as well. Puja handled every unexpected bump (such as technical difficulties with some of our equipment) like a pro! She never missed a beat and was able to adapt her classes so effortlessly that no one ever realized there was a problem. We have heard nothing but praise and positive feedback from both participants and their parents. I am so glad that Puja chose the library as a partner in this endeavor; it was definitely a wonderful experience for everyone involved.
